

1. Description?

- iStudiez Pro** is an app that helps to organize your calendar with study activities neatly.
- Synchronization** | Synchronization allows you to easily exchange information between your tablet, computer and phone.
- Import** | You can easily import data from your Apple Calendar or Google Calendar, as well as grades, overviews of your lessons, and more.

2. For whom and why?

- iStudiez Pro is a useful app for all students but can be extra interesting for students who experience planning and overview problems.
- Overview** | iStudiez brings together different sources of information in a handy overview.
- Grades** | By importing your grades, you get insight in your grades.

3. How does it work?

- You bundle all your sources of information about plans, tasks, and grades in one place by adding or automatically importing the information from other apps yourself. iStudiez Pro then gives you a complete overview of your plans, tasks and grades.

4. Pricing

- The use of iStudiez Pro is free of charge. The synchronization functionality is paying (one-time purchase for Android or via a week, month, or annual subscription for iOS).

5. Language

- iStudiez Pro is available in several languages, including English.

6. Type and platform

- iStudiez Pro is an **application**, available for **smartphones** running on **Android** and **iOs**. iStudiez Pro can also be downloaded from the computer and tablet.
